

Digging the garden

A little patch of brown soil,
Waiting in the garden,
Needs a bit of our toil,
There's some work to be done!

*Digging the garden,
Digging the garden,
Digging the garden,
There's some work to be done!*

Clearing the ground,
Pulling the weeds,
Rake it nice and flat,
Sowing all the seeds.

Water the ground,
Pulling the weeds,
Soon the seeds will sprout,
And grow a plant for all to see.
