

We Are All Different

Home Learning Challenges

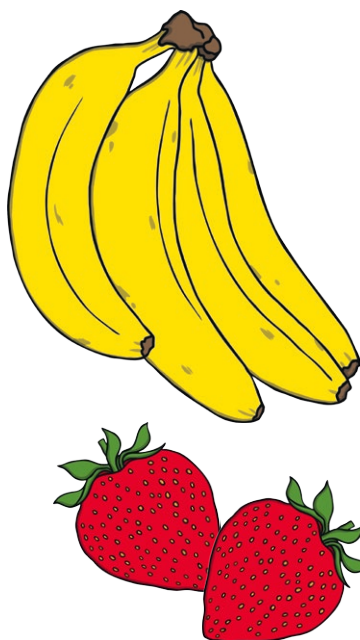

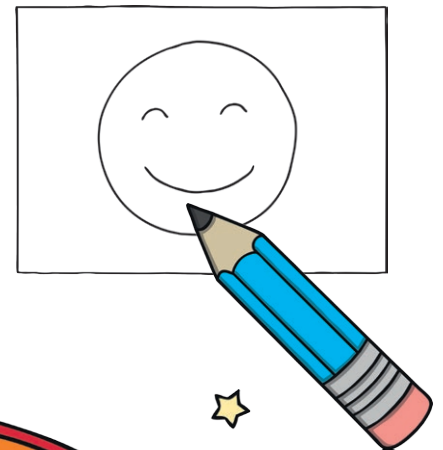

In the Twinkl Originals book, 'We Are All Different', all of the children have different colours and types of hair. Look in the mirror. What colour is your hair? Is it long or short?

The children in the book have lots of different types of families. Can you draw your family? You could bring in your picture to show to your friends.

Ask a grown-up to help you to make a healthy fruit salad using the characters' favourite fruits: strawberries, apples, bananas and grapes. What is your favourite fruit?

The children liked different colours, in the book. What is your favourite colour? Can you make a large rainbow on the floor outside, using different coloured paints or chalks? Try to count the number of colours. Use your fingers to help you.
