

Year 3 Summer Topic: Exploring Europe! (w/c: 8th June)
Enforced School Closure Home Learning Project Ideas

<p align="center">English</p> <p>We're nearly at the end of Year 3 (can you believe it?!) so why don't you write a description of Miss Abbiss or Mr Piggott ready for their next class? You could even write a story about them.</p>	<p align="center">Topic/English</p> <p>Research either Venice or Budapest and make a creative persuasive travel guide persuading people to visit! What could I see there? What is their currency? What food could I eat?</p>
<p align="center">Geography</p> <p>Compare the two European countries of Norway and England. Make a fact file showcasing the information you've learnt. How are the two countries different? How are they similar? You could even think about your History learning when we did the Vikings too!</p>	<p align="center">Topic</p> <p>Find out what is the most popular form of transport in Europe. Using the list of Capital Cities from your previous home learning, go through each country and find out how most people move around the city. I'm sure you'll find other popular forms of transport other than cars!</p>
<p align="center">Topic/Art</p> <p>You have looked at the flags of European countries, now design a Family Flag. What would the flag of your family look like? Would it be simple and have a hidden meaning behind the symbol you've chosen or would it be detailed with lots of pictures on it?</p>	<p align="center">Topic Quiz Time!</p> <p>Make a quiz for your family (or Mr Piggott and Miss Abbiss) about the Capital City of England, London. You could have picture questions to guess the landmark, multiple choice questions or guess the wrong answer.</p>
<p align="center">PE</p> <p>Choose a daily activity from the Keep Active St Nics! website page: https://stnicholas-closure.weebly.com/keep-active-st-nics.html</p>	<p align="center">Reading</p> <p>Please read a book of your choice and complete the Reading Journal Activities. Please see attached pdf.</p>
<p align="center">Design and Technology / Topic</p> <p>Make a European Bingo game. Make lots of playing cards with different pictures of European places on. Then make a few bingo cards (6 boxes) and share out the bingo cards for your family to fill up their boxes. Read out the different European cities to see who scores Bingo first.</p>	<p align="center">Spellings</p> <p>Choose 10 Year 3 and 4 common exception words per week to focus. You can find these in your pack. Practise the words using different strategies. Please see the Making Spellings Memorable Pack for these.</p> <p align="center">Mental Health and Wellbeing</p> <p>Complete the activities from the June Wellbeing Calendar! Please see attached pdf.</p>
<p align="center">PSHE</p> <p>Take some time today to sit and think about 5 things you're really grateful for. Lots of you have been at home for a while now so it's good to sit quietly and reflect on the last few months. Are you grateful for mobile phones and Facetime because it has meant you've been able to stay in touch with family and friends? Are you grateful for your bike because it's kept you fit, whilst allowing you to have fun?</p> <p align="center">Draw a poster displaying five things you're grateful for.</p>	<p align="center">Mathematics/Science</p> <p align="center">Body Science!</p> <p>Please see attached Science Fun at Home: Body Science from Primary Science Teaching Trust.</p> <p>For Part 1, read the True or False statements. Then have a go at predicting and estimating before investigating and finding out. Then talk about what you found out with your family. Were your predictions and estimations close to what you found out? Explain why.</p>

Have fun and try your best! We'd love to see your work so email us at joshua.piggott@st-nicholas.staffs.sch.uk or lucy.abbiss@st-nicholas.staffs.sch.uk . You can also email us to ask any questions.
